## MEDIA PACK

From the classics to a modern world... Scootering Magazine began life back in 1985 and soon became THE No.1 English language scooter magazine in the world. Now in its third decade, Scootering still prides itself on remaining the most thorough publication out there.

Covering anything and everything a quality specialist magazine should from technical articles to details of events and road-testing new models, Scootering is often the first with the news and product reviews. Whether it be riding the original Lambretta twin-cylinder prototype scooter or Piaggio's latest 3-wheeled scooters, publishing exclusive interviews from the modern showbiz world or with the men who helped create the popularity of Vespa and Lambretta scooters back in the day, Scootering takes the lead.

Apart from genuine passion for the humble motor-scooter, Scootering's writers regularly ride their machines to events all over the world, putting them in the best position to offer experienced unrivalled reports and opinions on all parts of the scooter scene, both classic and modern, that the readers continue to enjoy. For many, Scootering is a way of life.
